

May 20, 2009

Dear Friends of St. Teresa's,

As you know St. Teresa's Nursing and Rehabilitation Center is dedicated to the lives of our residents. This year due to the recession, the government has drastically reduced our reimbursement. We would welcome your support for a fund raiser. All proceeds will go to the residents through the Activity Department.

On October 25, 2009, I will be participating in the Marine Marathon (26.2 miles) in Washington, D.C. We welcome your participation to raise money for our residents by pledging a per mile donation. Any donation level would be welcomed.

After the event is successfully completed, we will advertise our donor's generosity in the facility and hopefully throughout the local media.

I personally thank you in advance.

Sincerely

Michael Chaiken
Executive Director
